Objective

Computer Science and Engineering student with experience in web development and UI design. Eager to apply skills in product development,cloud computing, and optimization to real-world projects. Passionate about problem-solving and improving resource efficiency, seeking an Engineering Intern role in product development.

Education

Course / Degree	School / University	Grade / Score	Year
Bachelor of Technology in Computer Science	GITAM UNIVERSITY	6.62	2021-2025
PUC	Vignyana Jyoti Res PU Science College	79%	2019-2021
10th	Vignyana Jyoti High School	71%	2019

Projects

- **Automatic Watering System to Plants**
  An IoT project which focused on automatically watering the plants based on the moisture content of the soil.

Internship

- CustomerSegmentation UsingMachine Learning Algorithm

  The project involved collecting and cleaning transaction data, performing RFM analysis, and segmenting customers using K-Means. A Flask web app was built for data processing and visualization. The project was tested, containerized with Docker, deployed on Heroku, and documented.

Activities

- Graphic Lead - GITAM Quiz Club
- Volenteer - NSS

Skills

- Programming: Java, C language
- Web and database: HTML, CSS, MySQL.
- UI design:Figma , Abode XD
- Soft Skills: Communication skills, Team Management, Problem Solving, leadership

Languages

- English
- Kannada
- Telugu
- Hindi
